

PROPERTY DATA

PRODUCT:	Olive Drab Duck
PART NUMBERS:	301-60, 301-72
STYLE #:	301
CONTENTS:	100% cotton duck - flame retardant, water repellent and mildew resistant, (Pyrosnuff treatment)
COLOR:	Olive Drab
WEIGHT:	12 oz. / sq. yd.
THICKNESS:	0.025"
TENSILE STRENGTH	
WARP:	150 lbs. / sq. ft.
FILL:	100 lbs. / sq. ft.
TEMPERATURE LIMIT:	350°F
FLASH POINT:	500°F
FLAMMABILITY SPECIFICATION:	CPAI-84

We certify that the material described above has been flame resistant treated and a single, initial unleached, unweathered sample has been tested to CPAI-84 section 6, and meets the requirements of section 3.2.

ROLL WIDTH:	Part #	Size
	301-60	60"
	301-72	72"

The test method described herein is a method to evaluate flame resistance of fabric in a test procedure to measure and to describe the properties of material or product in response to heat and flame under controlled laboratory conditions, and should not be used to describe or appraise the fire hazard or fire-risk under actual fire conditions. The results of this test may be used as an element of fire-risk assessment, which considers factors pertinent to an assessment of the fire hazard of a particular end use. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. It is the user's obligation to evaluate and use this product safely and to comply with applicable laws and regulations.

**If documentation and/or numerical values are required, customer must submit samples to an outside independent testing laboratory to receive full and complete test data.
